I am a Nigerian and presently a Professor of Virology and Consultant Virologist at University of Maiduguri, Maiduguri, Nigeria. I graduated DVM (1983), MSc Virology (1987) and PhD Virology (1991) from University of Ibadan, Nigeria. I had my postdoctoral research training in Neurovirology at Queen's University at Kingston, Canada (1992-1994), in Fish Virology at Norwegian College of Veterinary Medicine, Oslo, Norway (1996) and I was a 'TWAS Associate Member and Visiting Professor at CINVESTAV, Mexico (1998-2001). I became a Professor of Virology in 1998 and was the Dean, Faculty of Veterinary Medicine, University of Maiduguri, Nigeria between 2004 and 2006. I am actively involved in researches on viral diseases of animals including camels as well as extension services. My academic pursuits have provided me with opportunities of training and research visits to many countries including Canada, USA, UK, Denmark, Norway, France, Israel, Mexico, Bangladesh, Cameroon, Burkina Faso, Togo and Benin.

Publications related to Camelid (Last ten years)

- 1. El-Yuguda, A. D, Abubakar, M. B., Baba, S. S. and Ngangnou, A. (2010).** Competitive Elisa Rinderpest Virus Antibody in Slaughtered Camels (*Camelus dromedarius*): Implication for Rinderpest Virus Elimination from Nigeria. *Afr. J. Biomed. Res.* 13 (January 2010): 83 – 85.
- 2. Abubakar, M.B., Sanda, A.B., El-Yuguda, A.D. and Baba, S.S. (2008).** Seroprevalence of *Morbillivirus* antibody and abattoir survey of one humped slaughtered camels (*Camelus dromedaries*) in Maiduguri Municipal abattoir, Maiduguri, Nigeria. *Asian Journal of Scientific Research*, 1(1): 85-89.
- 3. Abubakar, M.B., El-Yuguda, A.D. and Baba, S.S. (2008).** Serological evidence of Influenza Virus Infections in Domestic Animals and birds in North-Eastern Nigeria. *Journal of Food, Agriculture & Environment*, 6(1): 67-70
- 4. Baba, S.S., Bwala, J.P., El-Yuguda, A.D. and Baba, M.M. (2005):** Serological evidence of rabies virus infection of slaughter camels (*Camelus dromedarius*) imported to Nigeria. *Tropical Veterinarian*, 23 (3&4): 78-82.
