Dr. Hammadi Mohamed (born in 1964) is an Associate Professor in the Livestock and Wildlife Laboratory, Arid Lands Institute, Gabès University, Tunisia. He obtained his Ph.D. in Agronomic Science and Biologic Engineering from Gembloux Agricultural University, Belgium (2003). He has over 20 years experience in research, teaching and community services. He specializes in animal physiology and endocrinology. Reproduction, lactation, and immunology in camel are the main area of his research interest. He is an active member of ISOCARD since 2006 and collaborated to the organization of the 2nd ISOCARD Conf. at Djerba, 2009. He has authored and co-authored more than 60 scientific papers and has supervised a number of postgraduate's students.

Publications related to Camelid (Last ten years)

1. **Hammadi M.**, Khorchani T., Portetelle D., R. Renaville, **2009**. Monitoring of the sexual activity of the female camel in the beginning of the season of reproduction in southern Tunisia by plasma progesterone concentration, *Revue des Régions Arides* 22: 101-111.
2. Ayadi M., **M. Hammadi** , T. Khorchani, A. Barmat , M. Atigui , G. Caja. **2009**. Effects of milking interval and cisternal udder evaluation in Tunisian Maghrebi dairy dromedaries (*Camelus dromedarius* L.). *J. Dairy Sci.* 92 :1452–1459.
3. **Hammadi, M**, Zarrouk O, Barmat A, Trimeche A, Khorchani T, Khaldi G. **2008**. Characterization and conservation of Maghrabi camel semen. 16th International Congress on Animal Reproduction (ICAR) 13–17 July 2008, Budapest, Hungary.
4. Chniter M., **Hammadi M.**, Ben Hamouda M., Khorchani T. **2007**. Caractérisation morphométrique des dromadaires (*Camelus dromedarius*) élevés dans les parcours naturels du sud tunisien. 14èmes Journées Scientifiques de l'IRESA, 6-7 décembre 2007.
5. **Hammadi M.**, Ayadi M., Ezzaguer M., Errama M., Khorchani T. **2007**. Effet du système d'élevage (extensif vs. intensif) sur la qualité et l'aptitude à la conservation du lait de chamelle (*Camelus dromedarius*). 14èmes Journées Scientifiques de l'IRESA, 6-7 décembre 2007.
6. **Hammadi M.**, T. Khorchani, Portetelle, R. Renaville, **2005**. Validation of

a heterologous radioimmunoassay for Insulin-like Growth Factor-I in Camels. *Journal of Camel Practice and Research*, 12: 111-116.

7. Khorchani T., **M. Hammadi**, M. Moslah **2005**. Artificial Nursing of Camel Calves: An Effective Technique for Calves Safeguard and Improving Herd Productivity. *Desertification Combat and Food Safety - The Added Value of Camel Producers. NATO Science Series, I: Life and Behavioural Sciences. Ed. Bernard Faye, Palmated Esenov, : 168-172.*
8. Meddeb-Mouelhi, F., Bouhaouala-Zahar, B., Benlasfar, Z., **Hammadi, M.**, Mejri, T., Moslah, M., Karoui, H., Khorchani, T., & El ayeb, M. **2003**. Immunized camel sera and derived antibodies subclasses neutralizing *Androctonus australis hector* scorpion toxins. *Toxicon*, 42 : 785-791.
9. **Hammadi M.**, T. Khorchani, M. Moslah, H. El-Hatmi, M. Chammem, G. Khaldi, A. Majdoub, H. Abdouli, D. Portetelle, R. Renaville, **2002**. Effects of peripartum dietary supplements on productive/reproductive parameters and plasma concentration of Insuli-like growth factor (IGF-I)-I in camels. *Advances in Reproduction* 6, 17-27.
